Design – Alexander Lervik

JOHANSON

Introduction

A combination of a chair and a pouffe suitable for a wide range of uses. Ability to combine a wealth of different colours and patterns to set your own unique stamp on a space. Perfect for break areas in offices, lounges, coffee rooms and cafés.

Designer

Alexander Lervik is one of Sweden's most well-known designers, collaborating with a number of national and international producers, including Moroso, Zero, Designhouse Stockholm and Johanson. Though his main focus is lighting, furniture and product design, he also creates concepts for hotel and restaurant interiors and collaborates with fashion brands.

Material

Seat - Upholstery materials

Johanson offers a very generous range of fabrics, leather and artificial leather from the most reputable suppliers in the world. Should any other material be desired despite the wide selection, it is also possible to suggest other materials. Johanson does not charge start-up costs for handling non-standard materials

Facts

Material Eye / Eye lounge

Wooden seat frame with CMHR foam (density 65kg) that meets the highest requirements for flammability (CMHR quality).

Material Eye table

Tray in melamine finish that is resistant to heat and alcohol. Wooden seat frame with foam (density 65kg) that meets the highest requirements for flammability (CMHR quality). With wheels in plastic.

Certificate - Eye / Eye lounge

- Fire certificate (Danak)

Recycling

All steel parts are recyclable. Before we finish the chrome/lacquer all grease/oil is removed by alkaline wash and then sent for destruction. The lacquering is produced by electrostatic epoxy powder coating that gives a minimum of waste. The electrostatic chrome (chrome 3) is recyclable. The plastic parts that are used are recyclable by grinding. All upholstery and frames of synthetic material are totally without C.F.C. emissions. All glue is water based.
