

# Reform

Design – Alexander Lervik

**JOHANSON**

## Introduction

Like life itself, our working spaces are in a constant state of change. Trends and individual preferences evolve regularly. Things come and go, whether it is as a result of technological innovations, growing needs or a pending move. But one thing is always true: our work spaces reflect the way we think and feel.

This is where we spend most of our lives. Furnishings that can move and grow with us, and take on new roles, are a prerequisite. Flexibility and adaptability are everything.

Growing demand and the design of more flexible and sustainable working environments call for a whole new kind of capability in office furnishings.

Furniture solutions that grow with you, that are versatile and even adjust to take all dimensions of sustainability into account, are becoming a permanent companion in times of corporate change.

The Reform sofa responds to your needs today and can respond to your needs tomorrow!

## Designer

Alexander Lervik is one of Sweden's most well-known designers, collaborating with a number of national and international producers, including Moroso, Zero, Designhouse Stockholm and Johanson. Though his main focus is lighting, furniture and product design, he also creates concepts for hotel and restaurant interiors and collaborates with fashion brands.

# Series

---

Reform sofa system offers endless combination possibilities. There are different back heights, seat heights, 42, 46 and 65cm, different armrest/dividing walls and a variety of modules. Reform with open back comes with removable covers.

Reform Lounge is a modern sofa group consisting of armchair and 2- and 3-seat sofa. The soft cushions are supposed to invite you to relaxing moments.

Reform low back height

Reform, low back height, open back, oak table

Reform middle high back, long corner back

2-seater, high back, dividing wall 212cm, armrest with clipboards

Reform 1-seater, Stay base

Reform Lounge

# Material

---

## Seat - Upholstery materials

Johanson offers a very generous range of fabrics, leather and artificial leather from the most reputable suppliers in the world. Should any other material be desired despite the wide selection, it is also possible to suggest other materials. Johanson does not charge start-up costs for handling non-standard materials.

## Multicolour - Finish RAL

Take part in Johanson's color range, 400 variants of different finishes are offered as standard on steel frames and metal details. Choose from all 192 RAL colors, alternatives are available both as solid finish (gloss 72) or Structure finish which has a matte, slightly textured elegant surface. In addition, 15 RAL colors with pearl finish and chrome are offered.

For all colours see [www.johansondesign.com](http://www.johansondesign.com)

**192 Solid collection (gloss 72)**

**192 Structure collection (matte, textured surface)**

**15 Pearl finish collection and chrome.**

# Accessories

---

## Table

 pCon  
The image shows the pCon logo, which consists of the text 'pCon' in a bold, sans-serif font, with 'PLANNING' written in a smaller font below it.

## Recycling

All steel parts are recyclable.

Before we finish the chrome/lacquer all grease/oil is removed by alkaline wash and then sent for destruction. The lacquering is produced by electrostatic epoxy powder coating that gives a minimum of waste. The electrostatic chrome (chrome 3) is recyclable. The plastic parts that are used are recyclable by grinding. All upholstery and frames of synthetic material are totally without C.F.C. emissions. All glue is water based.

## Material declaration

For more information about the product please download material declaration on our website, under Downloads à Product Information at [www.johansondesign.com](http://www.johansondesign.com)

# Facts

Your opportunities to adapt the Reform series to specific needs or spaces are almost limitless. Configure your Reform in our 3D tool at [www.johansondesign.com](http://www.johansondesign.com)
