

# Friends

Design – Alexander Lervik

**JOHANSON**

## Introduction

A modular sofa system with good seating comfort and a graphically strong profile, inspired by the shape of an aircraft wing, that gives the design its own distinctive identity. Friends provides plenty of inspiration for creative solutions.

## Designer

Alexander Lervik is one of Sweden's most well-known designers, collaborating with a number of national and international producers, including Moroso, Zero, Designhouse Stockholm and Johanson.

Though his main focus is lighting, furniture and product design, he also creates concepts for hotel and restaurant interiors and collaborates with fashion brands.

## Seat - Upholstery materials

Johanson offers a very generous range of fabrics, leather and artificial leather from the most reputable suppliers in the world. Should any other material be desired despite the wide selection, it is also possible to suggest other materials. Johanson does not charge start-up costs for handling non-standard materials.

## Multicolour - Finish RAL

Take part in Johanson's color range, 400 variants of different finishes are offered as standard on steel frames and metal details. Choose from all 192 RAL colors, alternatives are available both as solid finish (gloss 72) or Structure finish which has a matte, slightly textured elegant surface. In addition, 15 RAL colors with pearl finish and chrome are offered.

For all colours see [www.johansondesign.com](http://www.johansondesign.com)

**192 Solid collection (gloss 72)**

**192 Structure collection (matte, textured surface)**

**15 Pearl finish collection and chrome.**

# Accessories

---

## Armrest

Wrapped with black leather.

## Buttons

Ø18mm, Ø30mm, Ø50mm

## Quilting

Contact Johanson customer service for more information.

## Phase

Black / white with details in black. 2 extensions

## Phase

Black / white with details in black. 1 extension, 2 USB A+C

## Power Hub

White with details in black. 3 extensions, 2 network

**Pixel and Phase:** USB with intelligent and powerful charge that meets high security requirements. Communicates with any brand for fastest possible charge, both for phones and tablets.  
**Schuko coupling is delivered as standard.**

# Facts

---

## Material

The seat is made in moulded CMHR foam (density 65kg) that meets the highest requirements for flammability (CMHR quality). The base is made of finished/lacquered metal.

## Certificate

- Fire certificate (Danak)

The image shows the pCon logo, which consists of the text 'pCon' in a bold, sans-serif font, with 'PLANNING' written in a smaller font below it.

## Recycling

All steel parts are recyclable.

Before we finish the chrome/lacquer all grease/oil is removed by alkaline wash and then sent for destruction. The lacquering is produced by electrostatic epoxy powder coating that gives a minimum of waste. The electrostatic chrome (chrome 3) is recyclable. The plastic parts that are used are recyclable by grinding. All upholstery and frames of synthetic material are totally without C.F.C. emissions. All glue is water based.

## Material declaration

For more information about the product please download material declaration on our website, under Downloads à Product Information at [www.johansondesign.com](http://www.johansondesign.com)
