

# T-bone/X-bone

Design – Team Johanson

**JOHANSON**

## Introduction

The T-Bone and X-Bone table bases can be summed up as great looking, stable and solid, with the typical design and quality that has become Johanson Design's signature. They also come in XL as added support for large table tops.

## Cable hatch

Practical Cable hatch in the same material as the table top for data and electrical connection, customized to the customer's wishes. Contact Johanson support for info.

# Colour

---

## Multicolour - Finish RAL

Take part in Johanson's color range, 400 variants of different finishes are offered as standard on steel frames and metal details. Choose from all 192 RAL colors, alternatives are available both as solid finish (gloss 72) or Structure finish which has a matte, slightly textured elegant surface. In addition, 15 RAL colors with pearl finish and chrome are offered.

For all colours see [www.johansondesign.com](http://www.johansondesign.com)

- 192 Solid collection (gloss 72)
- 192 Structure collection (matte, textured surface)
- 15 Pearl finish collection and chrome.

## Recycling

All steel parts are recyclable. Before we finish the chrome/lacquer all grease/oil is removed by alkaline wash and then sent for destruction. The lacquering is produced by electrostatic epoxy powder coating that gives a minimum of waste. The electrostatic chrome (chrome 3) is recyclable. The plastic parts that are used are recyclable by grinding. All upholstery and frames of synthetic material are totally without C.F.C. emissions. All glue is water based.

## Material declaration

For more information about the product please download material declaration on our website, under Downloads à Product Information at [www.johansondesign.com](http://www.johansondesign.com)
