

# Bail

Design – Böttcher & Kayser

**JOHANSON**

## Introduction

Bail is a flexible, versatile series with plenty of potential for variation. It is easily combined and blends in well in many different types of settings – from hotels, lobbies and waiting rooms to lounge areas and offices. The elegantly pared-down design also ensures that Bail is equally at home in private domestic environments. The flexibility of the Bail bench system is further enhanced by its accessories, making it ideal not only for furnishing solutions for informal meetings and creative encounters, but

also for more secluded areas that serve as quiet zones with fewer distractions for tasks that demand greater concentration. Bail enables you to create rooms within a room and furnish spaces to meet your specific needs.

The Bail series also includes accessories such as tables and planters. You can use these to further emphasise the “room within a room” sensation and create an entire furnishing solution totally adapted to your needs and wishes in terms of function and colour.

## Designer

Böttcher & Kayser is a Berlin-based studio founded in 2007, working in the fields of consumer product, furniture, lighting and interior design. Moritz Böttcher and Nikolaus Kayser have been rewarded with several prestigious awards such as the Interior Innovation Award, several iF Design Awards and numerous Red Dot Awards – including the award, 'Best of the Best' in 2013. Their projects have been published in books and magazines around the world.

## Seat - Upholstery materials

Johanson offers a very generous range of fabrics, leather and artificial leather from the most reputable suppliers in the world. Should any other material be desired despite the wide selection, it is also possible to suggest other materials. Johanson does not charge start-up costs for handling non-standard materials.

## Multicolour - Finish RAL

Take part in Johanson's color range, 405 variants of different finishes are offered as standard on steel frames and metal details. Choose from all 195 RAL colors, alternatives are available both as solid finish (gloss 72) or Structure finish which has a matte, slightly textured elegant surface. In addition, 15 RAL colors with pearl finish and chrome are offered.

For all colours see [www.johansondesign.com](http://www.johansondesign.com)

# Facts

---

## Material

The seat is made of wood and polyether. Foam which meets the highest fire classification CMHR- Combustion Modified High Resilience, is available for all models on request. The base is made of finished/lacquerd metal.

## Certificate

- Fire certificate (Danak)

## Recycling

All steel parts are recyclable. Before we finish the chrome/lacquer all grease/oil is removed by alkaline wash and then sent for destruction. The lacquering is produced by electrostatic epoxy powder coating that gives a minimum of waste. The electrostatic chrome (chrome 3) is recyclable. The plastic parts that are used are recyclable by grinding. All upholstery and frames of synthetic material are totally without C.F.C. emissions. All glue is water based.
