

Reform

Design – Alexander Lervik

JOHANSON

Introduction

Reform sofa system offers endless combination possibilities. There are different back heights, seat heights, 42, 46 and 65cm, different armrest/dividing walls and a variety of modules. Your opportunities to adapt the Reform series to specific needs or spaces are almost limitless.

Designer

Alexander Lervik is one of Sweden's most well-known designers, collaborating with a number of national and international producers, including Moroso, Zero, Designhouse Stockholm and Johanson. Though his main focus is lighting, furniture and product design, he also creates concepts for hotel and restaurant interiors and collaborates with fashion brands.

Series

Reform sofa system offers endless combination possibilities. There are different back heights, seat heights, 42, 46 and 65cm, different armrest/dividing walls and a variety of modules. Reform with open back comes with removable covers.

Material

Seat - Upholstery materials

Johanson offers a very generous range of fabrics, leather and artificial leather from the most reputable suppliers in the world. Should any other material be desired despite the wide selection, it is also possible to suggest other materials. Johanson does not charge start-up costs for handling non-standard materials.

Multicolour - Finish RAL

Take part in Johanson's color range 405 variants of different finishes are offered as standard on steel frames and metal details. Choose from all 195 RAL colors, alternatives are available both as solid finish (gloss 72) or Structure finish which has a matte, slightly textured elegant surface. In addition, 15 RAL colors with pearl finish are offered.

For all colours see www.johansondesign.com

195 Solid collection (gloss 72)

195 Structure collection (matte, textured surface)

15 Pearl finish collection.

Accessories

Electrical equipment

Thanks to the bracket, you can mount a Powerdot Mini with power socket or smart charging with 2 USB-C sockets in the desired location using the included screws.

Connect multiple Powerdots in series using a single connection cable. Series-connected Powerdots are available on request.

Bracket

Powerdot bracket mini, single

Powerdot Mini USB
2 USB-C PD
(30W/20V/1,5A)
Black / white

Table

As standard the table tops are in oak. But we can also manufacture them in our standard laminate and veneers.

Facts

Material

The seat is made of FSC certified wood and padding is made of polyether/foam. The base is made of finished/lacquered metal.

Fire classification

All products meet Möbelfakta's fire requirements. All polyether/foam are tested to Cal TB 117. All standard fabrics meet EN 1021:1 & 2. Other classification, for example BS 5856 (Crib 5) on request, please contact customer support.

Recycling

All steel parts are recyclable. Before we finish the chrome/lacquer all grease/oil is removed by alkaline wash and then sent for destruction. The lacquering is produced by electrostatic epoxy powder coating that gives a minimum of waste. The electrostatic chrome (chrome 3) is recyclable. The plastic parts that are used are recyclable by grinding. All upholstery and frames of synthetic material are totally without C.F.C. emissions. All glue is water based.
