195 Structure collection (matte, textured surface)

15 Pearl finish collection and chrome.

Facts

Measurements cm

Crown

Weight (kg)	13
Volume (m ³)	0,06

Facts

Material

The base is made of finished/lacquered metal.

Recycling

All steel parts are recyclable. Before we finish the chrome/lacquer all grease/oil is removed by alkaline wash and then sent for destruction. The lacquering is produced by electrostatic epoxy powder coating that gives a minimum of waste. The electrostatic chrome (chrome 3) is recyclable. The plastic parts that are used are recyclable by grinding. All upholstery and frames of synthetic material are totally without C.F.C. emissions. All glue is water based.
