

Lindy

Design – Fredrik Färg & Emma Blanche

JOHANSON

Introduction

This discreet but distinctive feature is a little cast aluminium coupling that links the upper part of the frame to the legs. The elegantly constructed metal underframe is almost organic in its lines, and the coupling, which can be lacquered in a contrasting or matching colour, finished in textured lacquer or selected in anodised aluminium, adds that special extra something to the overall expression.

LINDY is available as a café table, a bar table, a dining table or a conference table in different heights and sizes, with a generous choice of tabletop options.

“It’s our guess that users will find any number of different ways to use LINDY in every environment from restaurants and hotels to schools, workplaces and domestic settings,” say Färg & Blanche.

Designer

Stockholm based design studio Färg & Blanche is known for their experimental stance, where each expression informs the other, they effortlessly move between the exclusive hand made one off and the industrially produced, without ever losing their distinctive touch.

Colour

Multicolour - Finish RAL

Take part in Johanson's color range, 405 variants of different finishes are offered as standard on steel frames and metal details. Choose from all 195 RAL colors, alternatives are available both as solid finish (gloss 72) or Structure finish which has a matte, slightly textured elegant surface. In addition, 15 RAL colors with pearl finish and chrome are offered.

For all colours see www.johansondesign.com

195 Solid collection (gloss 72)

195 Structure collection (matte, textured surface)

15 Pearl finish collection and chrome.

Recycling

All steel parts are recyclable.

Before we finish the chrome/lacquer all grease/oil is removed by alkaline wash and then sent for destruction. The lacquering is produced by electrostatic epoxy powder coating that gives a minimum of waste. The electrostatic chrome (chrome 3) is recyclable. The plastic parts that are used are recyclable by grinding. All upholstery and frames of synthetic material are totally without C.F.C. emissions. All glue is water based.

Electric equipment

When ordering these products in combination with table tops, the cost for cut out is included in the price. Schuko coupling is delivered as standard.

Powerdot Micro
1 USB-A & 1 USB-C (15,5W/5V/3,1A)
Black / white

Powerdot Mini USB
2 USB-C PD (30W/20V/1,5A)
Black / white

Powerdot Mini Electric
1 power (type F, Schuko)
Black / white

Powerdot Midi
1 power (type F, Schuko) &
1 USB-C PD (30W/20V/1,5A)
Black / white

Connect multiple Powerdots in series using a single connection cable.

Powerdot package

Complete with table cover that can be opened from two sides, spacious tray with plenty of space for connectors, Powerdots, textile bag and power strip. The textile bag hides hanging cables in an efficient and discreet way. In combination with Powerdot Electric/Powerdot Electric-USB.

Powerdot Electric
1 power (type F, Schuko) &
4 cable holes
Black

Powerdot Electric USB + charger
1 power (type F, Schuko), 1 USB-A, 1
USB-C (max 60w, 5/9/12/20V, max 3A) &
2 cable holes. Charger for Powerdot.
Black

Powerdot package 31x15cm
Cover and tray in black, white or silver

Powerdot package, 2 Powerdot Electric (2 power)

Powerdot package, 2 Powerdot Electric USB
(2 power, 2 USB-A, 2 USB-C)

Powerdot package, 1 Powerdot Electric and
1 Electric USB (2 power, 1 USB-A, 1 USB-C)

Cable hatch

Practical Cable hatch in the same material as the table top for data and electrical connection, customized to the customer's wishes. We can also provide a practical mounting tray, L370xW200. Contact Johanson support for info.
