

# Noway

Design – Alexander Lervik

**JOHANSON**

## Introduction

Coathanger with 6 or 8 arms available in different colours.

## Designer

Alexander Lervik is one of Sweden's most well known designers, collaborating with a number of national and international producers, including Moroso, Zero, Designhouse Stockholm and Johanson.

Though his main focus is lighting, furniture and product design, he also creates concepts for hotel and restaurant interiors and collaborate with fashion brands.

## Recycling

All steel parts are recyclable.

Before we finish the chrome/lacquer all grease/oil is removed by alkaline wash and then sent for destruction. The lacquering is produced by electrostatic epoxy powder coating that gives a minimum of waste. The electrostatic chrome (chrome 3) is recyclable. The plastic parts that are used are recyclable by grinding. All upholstery and frames of synthetic material are totally without C.F.C. emissions. All glue is water based.
